

**“Order in the Court” with *Charlotte Doyle***  
Name \_\_\_\_\_

After reading chapter 18 that **deals with the trial** of Charlotte Doyle, create 10 **important** statements about the actual trial.

Type the 10 statements in their **proper order** double-spacing between each statement. Print a proofread copy and save. (This is your answer key.)

Then **reorganize** the 10 typed statements so they **are not** in chronological order. Draw a short line next to each statement so this set of 10 may be used as an activity that another student will have to number to show the proper order of events. Print a proofread copy and save this second sheet.

Submit both sheets to me by **Monday**.
